PRESS RELEASE IOWA BOARD OF MEDICINE (October 4, 2016)

PUBLIC DOCUMENTS: Please click on the person's name to access a link to a copy of the public documents for these physicians.

Recently, the Iowa Board of Medicine took the following action:

Thomas L. Warren, M.D., a 49-year-old Iowa-licensed physician who formerly practiced oncology in Cedar Rapids, Iowa, and has not practiced medicine for over a year, entered into a Stipulated Order with the Board on September 30, 2016. The Board received information which indicates Dr. Warren suffers from a physical, mental or neuropsychological condition which impairs his ability to practice medicine with reasonable skill and safety. Under the terms of the September 30, 2016, Stipulated Order, Dr. Warren agreed that he shall not engage in any aspect of the practice of medicine until this matter is resolved and he receives prior written approval from the Board.

When appropriate, disciplinary actions are reported to the National Practitioner Data Bank, an electronic repository administered by the U.S. Health Resources and Services Administration to track adverse license actions.
